A dimly lit wedding reception table with white linens, floral centerpieces, and string lights in the background. The scene is set outdoors at night, with palm trees and a white canopy visible. The table is elegantly set with white plates, silverware, and glassware. Centerpieces consist of large bouquets of white flowers in clear vases, tied with light blue ribbons. The background is filled with warm, glowing string lights that create a bokeh effect against the dark sky. The overall atmosphere is romantic and sophisticated.

CATERING

CATERING

TO YOUR BUSINESS

When you're in a city filled with 200 different nationalities, you have to cater to many different tastes. JA's catering offers cuisines from 40 different countries to serve events both big and small, whether it's casual lunches for team building sessions, to hosting formal dinners for VIP dignitaries and organising large events for up to 5,000 people.

MADE TO ORDER

Our staff of over 300 professionally trained catering associates including chefs, waiters, drivers, engineers, technicians and logistics operators possess experience in operating 25 different restaurants daily, which means we can create dining experiences tailored to even the most specific tastes.

Our service extends beyond just our properties. We have done barbecues in the desert, fine dining on water, dinner in the sky, incentives in the mountains, networking events on the beach and celebration events at construction sites like the VIP dinner at the ground-breaking ceremony of Burj Khalifa.

CUISINE TYPES

Our chefs hail from different countries from every corner of the world, which means we're able to offer a wide range of different cuisines and can accommodate requests of very specific national dishes or more regional cuisines.

FOOD MENUS

While many of our clients opt for our tried-and-tested set menus, we can configure and customise dishes and cuisines based on your need for a tastefully perfect event.

BEVERAGE SELECTION

From exotic mocktails and fresh juices, to vintage fine wine and exceptional spirits, we can enhance any of our menus with your selection of beverages.

DIETARY REQUIREMENTS

Every diet is different and we try our best to accommodate them. We can provide hala, vegetarian, vegan and gluten-free options for those with dietary restrictions, and special menus to accommodate professional athletes and guests with allergies.

SUSTAINABILITY

Preserving our planet is in our nature. We make sure to support local suppliers and source food that is made sustainably whenever and wherever possible.
